Block Construction

Block A

1. Draw a diagonal line from corner to corner on the wrong side of each 3½" Soho-White square. With right sides together, place the squares on opposite corners of a 13½" C4311 Cream square with the marked lines in the direction shown. Sew on the marked lines and trim the excess corner fabric leaving a ¼" seam allowance. Press the seam allowances toward the resulting white triangle. Repeat to sew 3½" Soho-White squares to the remaining two corners of the C4311 Cream square in the same manner.

4. Join one 3" x 8" Soho-White rectangle and one 3" x 8" C3904 Lime rectangle end to end to make

5. Join two side units, two top/bottom units and one 10½" C4314 Cream square as shown to make one Block B. (figure 3) Make a total of ten of Block B.

Quilt Top Assembly

6. Lay out the Blocks A and B in five horizontal rows as shown in the Quilt Assembly Diagram, noting the orientation of the color in the corners of Block B as well as the centers of Block A (C4311 Cream—a directional print). Join the blocks together in each row. Join the rows together in order.

7. Sew one 2" x 75½" Soho-White strip to each side of the center of the quilt top. Sew one 2" x 63½" Soho-White strip to the top and another to the bottom of the quilt top.

Finishing

8. Layer the quilt top, batting and backing and quilt as desired.
9. Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.

10. Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
